

The world's first portable filter bottle that gives you up to 99.99% contaminant-free, alkaline and ionized water!

Any time. Any place. Pure and Healthy that's
***élita* PhD**

Make the water you drink anywhere you go, pure and healthy alkaline and ionized water! The *élita* PhD is an ecologically green solution that provides clean, healthy great tasting antioxidant water all in a portable device.

The *élita* PhD products remove up to 99.99% of these four major zones of contamination in your drinking water:

- A** **Aesthetics:** Unpleasant taste, odors, chlorine, and dirt.
- B** **Biological:** Pathogens such as cryptosporidium, giardia & other cysts and spores.
- C** **Chemical:** Toxic chemicals, detergents, pesticides, arsenic, fluoride, pharmaceuticals, PCBs, and other harmful industrial and agricultural wastes.
- D** **Dissolved Solids:** Heavy metals such as aluminum, asbestos, copper, lead, mercury, chromium-6 and others.
